

A Freshman's Letter.

ATHENS THE TWELTH.

DEER ROBBIE.

i reseved yore letter lass satterdy nite at too oclock on sundy mornen. i rote you a letter lass week but you never got it. in the furst place, it was rote in bad ink; in the seckund place it was dereckted rong; in the thurd place, i didnt have no stamp; and in the fourth place i never rote no letter in the furst place. i got a letter from my filly at loosy kob yestiddy she sed that she just rote to tel me when her burthday was, and now i am lookin out for the future but she is lookin out for the prezent. i like the athens gurls verry mutch but some of them is very loud, i no two what wares brass bands round their waistses. the loosy kob gurls do not ware caps and gownds like the Shorter collidge gals do, but some of them wares shorter dresses. i saw a joak this mornen a cigar was smoking Eddy Vale. when i get a joonyer, i am gointer get in that cortilyon kommitty. it is a "sintch" (that is it is full of advantages). The sofmores sed that they had a sintch lass year when dockter Hunnykut was here, but he has kommitted matrimony now. i have quit borrowing money cause it is Lent. Finny Z. Calhoon went to Ergurster lass week, and spent a week and all his munny. i felt erguster wind up here yestiddy. i herd a joak on Logern Clock sure mike. he wore his pants so short, till sumbody ast him what made him do so. They found out that his gurl at loosy kob had gone back on him and he was waring his pants at half-mast. The reezon why Franck Barrit wares his pants so short, is cause he hasent been waring them very long. Chapple is so erly now that i haff to go before my breckfuss is half-past ate. there is a good singer in collidge now what sings Barretone. Say, Buck Rucker went to Atlanter on a coon exchurshun the other day; he went on a second-rate tickit but he says that they treated him white, and that he had a first-rate time. him and Dock Ridley has mustashes what is long enuff to pull. Dockter Hurdy looks lots better sints he has his face in a beard. did you hear about Prat Adderms, what some of his folks sent him some brandied peetches. prat sed that the peetches was N. G. but he liked the spirit in which they was sent. I went to Brumbies drug store today (you no i have a bill there—a big one) and when the clurk ast me what i wanted, i sed: "I camphor some camphor, Cam." He didnt laff, but i hurd a moth ball. You no willy Blun that servanner dood, he has got a gurl at Agnis Skot what is like a poleeseman. Gess why. i bet you will say, cause she loves a dead-beet; that aint rite. It is cause she has a billy on the string. Did you no that i burnt my arm awfle. i was hugging the "hottest thing in town." smoke up, and wright to your chum Willy. poce skrip.—good by.
