At a Council held in the Council Chamber at Savannah on Tuesday 2d August 1768

Present

His Excellency James Wright Esq. -

Whereas the Brigantine Gama under John Coat Master (which arrived lately at Tybee from the coast of Africa with Negroes) being infected with the small pox, Mr. John Graham, to whom the said vessel is consigned, did apply to His Excellency the Governor in Council on the 5th Day of July last for permission to inoculate such Slaves and Persons on board the said vessel as might appear necessary in Order that the Inconveniences of a long Quarantine and the Danger of spreading the Disorder might the more easily be avoided: It is this Day Ordered that Leave be given to the Master of the said Vessel to inoculate all such Slaves and other Persons on board the said Vessel or belonging thereto as he shall think expedient.

And that a Proclamation doth hereby notifying the same

By Order of the Council, the Governor in Council
