Georgia

To His Honor the Governor and the Honorable Executive Council now sitting at Savannah

The Petition of Robert Montfort

Wambly Sheriff

That your Petitioner is of opinion that the appointment of one or more Justices of the Peace, in addition to those already appointed, together with a Clerk for the Counties of Glynn & Camden, so as to enable them to hold a Land Court, would greatly hasten and improve the settlement of those Counties, and ease the business under which the present new settling Inhabitants now labour.

Your Petitioner therefore prays, that your Honor & the Honorable Council will take these circumstances into your consideration, and proceed as in your wisdom you shall think fit, and your Petitioner will as in duty bound.

Ever your humble Servant,

Savannah 9th. May 1785
