Georgia

To the Honorable Samuel Elbert, Esq.
Governor and Commander in Chief of the said State, and the Honorable the Members of the Executive Council.

Petition of the Officers under-named, lately belonging to the Georgia line of Continental Troops.

The Petitioners do, in the name of themselves and others like them, represent
That your Petitioners have after much trouble, procured from the Continental Auditor certificates for their pay, and commutation on which said certificates under the hand of John Pierce on Interest of Six per cent Per Annum is allowed to your Petitioners for the year 1780. That one of your Petitioners Major John Lucas made settlement to the Treasurer of one of the said certificates in payment of the said part of interest due on Bonds, and required the interest due from the date mentioned in the same, which the Treasurer absolutely refused to do for what cause or under what pretense your Petitioners are altogether totally unacquainted with.

They therefore pray that the SAME may be taken into consideration, and order made therein for the payment of the said Treasurer.

And they will pray.
