Spiritu Creek 19 July 1784

To his Honorable Governor

Sir Yesterday this Neighbourhood was greatly alarmed on hearing that Mr. Robt. Jones of Beaufort was returning from Savannah with some of his hands very ill with the small pox — as a great number of the same hear has a violent catching that time when last I read in the Country are greatly alarmed we there fore hope it may command the not of the public and your Honor and his excellency will have such steps taken as may prevent it from spreading — the season of the year and the time of year will greatly influence the inhabitants in general — I am with every mark of esteem and respect your obedient humble servant
