Dear Sir,

I must state to you the peculiarities of the situation in which I have placed. I have the exclusive charge of the Drug & Prescription business of S.D. Brauntz and am the only person in the store to attend to such important business. It therefore becomes with me to say whether I shall close my store or not.

Some of the provisions of the law as to Volunteer Military Corps.

Sec. 2, Art. 8, of the Constitution of this State provides that "Volunteer Companies of Cavalry, Infantry or Artillery may be formed in such manner, and with such restrictions, as may be provided by law." [Constitution of Georgia, pamph. p. 19]

As the legislature has not, by enactment, since the adoption of the constitution, provided any "manner" for the organization of such companies, they can be organized only under the law as it stands in the Code of Georgia. [Constitution of Georgia, pamph. p. 20. Art. 11. Sec. 3.]

It is provided by the Code, Part. 1st, Title 11. Chap. 3. Art. III. from Sections 1080 to 1103, inclusive, that "Volunteer corps may be formed anywhere in the State, and may consist of citizens of the same or adjoining counties. Such as may hereafter be formed shall number at least forty privates, nine non-commissioned officers, four commissioned officers, with such Musicians as they may deem sufficient." [Code, Sec. 1083.]

"When the requisite number of members are enrolled, their first duty shall be"
to uniform themselves according to the provisions of this Code: [Sec. 1091, it is provided that the Commander-in-Chief shall prescribe the uniform of volunteer corps] they shall then notify the Commander-in-Chief of the number enrolled and uniformed, who shall order an election for captain and subaltern officers under such superintendence as he may prescribe, and the Superintendents shall transmit the return of the same to the Executive Department; and the Governor shall commission the officers elected, unless the election is contested; in which case, if in the opinion of the Governor there be sufficient grounds to set the same aside, he shall order a new election. [Sec. 1084.]

Arms and accoutrements shall be supplied to the Volunteer corps, whether uniformed or not, by requisition on the Governor, in such manner and upon such terms as he may direct, from the quota of arms distributed to the several States under the laws of Congress, or from other arms belonging to this State. [Code, Sec. 1085.]

From the foregoing Sections of the Code, under the Constitution, it follows that the number of Volunteer corps of Cavalry, Infantry or Artillery in this State, is not
limited in number, or confined to cities.

As the members of volunteer corps are required by the statute to be "citizens" of this State, it follows that all "citizens" of proper age and sex have an equal right under the constitution and laws, to become members of such organizations, without regard to color or former condition.

The 3rd Sec. of the Xiv. Art. of the Amended constitution of the United States, declares that "No person shall be a Senator or Representative in Congress, or elector of President and Vice President, or hold any office, civil or military, under the United States, or under any State, who, having previously taken an oath as a member of Congress, or as an officer of the United States, or as a member of any State legislature, or as an executive or judicial officer of any State, to support the constitution of the United States, shall have engaged in insurrection or rebellion against the same, or given aid or comfort to the enemies thereof."

Under the foregoing section of the constitution of the United States, it is clear that no one is ineligible to any military office in this State, nor can any person be commissioned as such, who cannot take
an oath in accordance with the said Section.

Respectfully submitted—W. H. W.

Dear Mr. Pittsfield,

Atlanta, Friday Morning

Will you do me the kindness to get me if possible, a Blunt from the Quartermaster's Bureau? I have The same to send at once. I would not ask it of you, but I wish to have a month to spare when I reach Atlanta if I go on as I have my means to do so. By no means you will have anyone who will not be able to return the favor should, and occasion present itself.

With respectfully,

P.S. I have ordered some (some 15 steers) can of meat, and they are now allowed. I am anxious, as real in a certain person.
