Dear A B Tucker,

Sir,

The bearer of this Mr. Cyrus Graves who has for months been applying for admittance to the ranks of my company and refused by me on account of his utter inability to do duty, as I have believed. Now he is liable to be conscripted. I have advised him to go to you for examination which he will do.

Unlike many applicants, he is not the man to tell fitful fates with long faces but scrupulously honest in all his dealing he will not make out his case as bad as it is. He is but an invalid kept up on medicine.

I have taken the liberty of this writing believing it to be due Mr. Graves since my declining his proposals for membership has subjected him to the conscript act and its unpleasant consequences.

Very Respectfully,

J B Spencer Capt Commanding Southern P Rangers.

Sir,

I find this morning that forage will not be allowed to horses belonging to this Command on the ground that they are not marked into the service. I would respectfully state that the men and horses are mustered into the service of the Confederate States for the use of the Battalion and are therefore entitled to forage.

I would further state that there is a frequent misunderstanding between the State and C.S. Officers at this post regarding anything to serve`grants and thereby destroying the harmony that is so important to the service. I would therefore ask to suggest that a general order be published regulating the difference which causes so many delays defeating the effect of the Government and which are so unpleasant to gentlemen and officials hearing that this matter be referred to the attention of Major Payne and nothing as speedily an answer.

This morning an Enrolling Officer belonging to the 17th Regt. Col. summoned my two Lieuts. M. H. A. D. Dear General,

I write from the Reading General Order No. 10, of May 7th, for the establishment of General Order No. 4 in that of recruiting one militia officer of District Companies in this County. Permit me to inform you that in doing this my only object was a speedy organization of the militia; and gave each officer thus appointed a written Commission to take command of the militia in the several capacities that they were appointed to fill. Elections in said Districts could be held according to law — Furnish me to inform you that soon after the writing in order to a speedy organization, that in my Battalion I advertised for an election to be held by the militia of each District where there was no Captain for Lieutenants in said District for 1st Captain a first, and 2nd Lieutenant — and where there was a Captain. I instructed him to advertise an election for Lieutenants in his Company. Two districts in my Battalion have completed the matter; two had written Capitons of Lieutenants — the day for elections in some of those Districts has just passed.

No election was held, the thirty for electing in two of the Districts, is closed on hand, and the two may neglect to hold elections now as these are times of great excitement. Permit me, Dear General, to express the hope that the Section for information which I presume you will give me by letter at the earliest moment again may have some

This 1st day of April, 1862, the undersigned, do hereby certify that James H. That the election was held and managed according to law, which will fully appear by reference to the returns of said election, that he has never resigned or been debarred from his commission by reason of a court martial, but that returns it of force. That on or about the 1st Saturday in April, 1862, he was duly qualified as agent of said District, and that on the 1st Saturday in June, 1862, from some cause, unknown to you, the undersigned, another election was advertised to take place in said District for a 2nd Lieutenant. That on the day advertised, an election was held, but on the Tuesday following that day a few votes at the place of holding said election were cast and pretended to hold an election which the undersigned believed was held by Jeremiah Dent, whose name appears on the certificate and that he assumes on the part of the undersigned to manage said election and that it was held in an illegal manner and unreasonably and that one Benjamin Otis was declared to be duly elected that a return of said election was forwarded and the said Benjamin Otis received a commission and now claims to be the rightful agent of said District and holds his commission to protect himself from the force of the undersigned act. Therefore you are required, by virtue of the said commission, of said Benjamin Otis as there cannot be two rightful authorities in the same company this 26th day of August, 1862.
