Dear Sir,

You will please pardon me for troubling you so much. I want some information in reference to taking the Tax Returns.

In taking the Income Tax Support of a man has been trading in Cotton and has paid the Tax in Augusta. Should I try him again or not? Suppose a Farmer has Secked for his neighbors on shares and from his portion of Secked, he has sold a thousand dollars worth is he taxable or not? Down the sixth section sit him out. Suppose a Farmer has distilled Spirit and have not sold to the amount of two thousand dollars is he taxable to support all merchant and taxable on their income. Set it be small or great, your attention to the above will oblige a friendly in bust.

P. P. Shrewsbury, Mill Springs.

A few days ago I received, by the hand of Mr. Truesley, the US Census Pamphlet which I regret to hear was not the document you wanted. The gentleman in Newburgh who sent it must have made the mistake since I know I gave McLemore the correct title of the work you required. When I write to Newburgh again I shall ask for the proper one; that is, if Mr. Davis will allow me to carry on my functions.

A short time ago I received a letter from England referring me to a man named Malcolm Crawford, a Planter in Jefferson County, Georgia. I wrote to Louisville but my correspondent there returns for answer that he knows of no such man residing in the County. As he may not have made sufficient inquiry, or my English correspondent may have made a mistake in the County, and as I am very anxious to find out Malcolm Crawford would it be too much to ask you to get one of your clerks to look over the Tax Returns in the Archives of your office in order to ascertain whether such a man resides or did reside lately in Jefferson, Burke, or the Counties in that immediate neighborhood? I should like particularly to be satisfied as to Jefferson County. If you can conveniently give me this information I shall be delighted to reciprocate in anything I can do for you here or elsewhere.

Yours very truly,
A. Threault

Dear Friend,

Yours of 16th is received. The allowance for Compiling is mutter for congratulation. I felt all the time that the Gov. would do what he thought right, but I was apprehensive that he thought not like the same view of the question that we did, and I knew that it would be of no use to argue with him after he had looked at the law and made up his mind.

Keep very positive till you come up and bring it with you — in State notes if you can.

The reenactment is ready for the Executive Department, except the names. I have Tables & Common Chair but nothing else. Require the Governor and ask him what I should put in.
for his accommodation. The Court House large table is a very good one which I will put in the South room.

I do not consider that there is any thing between us for the apples as I told some of your Pamphlets. I do not now recollect how many, but enough to pay for the apples.

I think you will find the Court-house rooms pleasant. I will make no permanent arrangements for writing tables to let you come and decide which one of them you will prefer for the Governor's use.

Respects to Mr. M. and family.

Truly yrs.

Sirs:

In reply to your Communication of the 17th relating to a letter of Geo. Bown of Georgia "Address to the War Department, making inquiry of reported inhuman and partial treatment exercised towards Georgia Soldiers who are patients in Hospitals at Danville", I have the honor to report as follows:

On the 16th I sent the enclosed letter of H. W. Water, Gen. Preston's Secretary, addressed to "Georgia Soldiers in hospitals at Danville, Va." was handed me by one of the Division Sergeants of this corps Hospital which he had received from the hands of a soldier in his Division. I sent it forthwith to all the Division Sergeants, entered as you will perceive, pleading their reports, which are also enclosed on it. In addition to this mode of investigating, I conversed with a number of soldiers in hospital here from Georgia, and without exception they all united in bearing testimony to the fact that no foundation exists for any such complaint. I then addressed a communication to the Chief of Georgia and the Secretary of War, Copies of which are herewith enclosed.

As the complaint emanated from Genl. Hospital, Va. D. of this place, of course, I can know nothing of its merit, as I have no connection whatever with that Hospital.

Very Respectfully,
Your Okt. Sol.

Sir: I am in possession of your communication of the 17th inst., and in obedience to instruction therein contained, I have the honor to submit the following facts: no distinction has ever been made between Alabamians, representing the State of the Confederacy; Georgians, Virginians, South Carolinians, and others, nor often be found occupying the same ward, receiving alike treatment humane and impartial. Enlistments and discharges have been granted not upon statement of State nativity, but after a rigid examination of the physical condition of the applicant by a Medical Board, who are guided in their action only by considerations of the public good and efficiency of the service.

Very Respectfully,
Your obedient servant,

(A.M. Fauntleroy)

Signed.
