SIR: Brown,

We have organized a company for home defense, which now numbers 50 men, and will be increased to 65 or 70. Many are without tools and ammunition. I write to know if you can ask us also to know if you will give us permission as independent volunteers to go to any point in our State to resist raids without Subpoening us to militia or any other body of our men. We are old men over 65 and have crops and families to look after and do not wish to be called off many days at a time. Our only object in asking such permission is to protect our stores through you from the fate of Bush Inhabitation in the West. We desire to use the inertia of any such course in the interest of the State. We feel sure our neighbors, men of the 17th, deserve no
fear. If you readily approve, 1st time prompt. I have seen Company here come out at midnight to be ready by dawn with

Sir: Excellency, Joseph E. Brown,

Dear Sir,

In response to a resolution of the last General Assembly requiring the justices of the several counties of this State to notify your Excellency by the 15th day of June next, the amount necessary for the purchase of spin yarn for indigent families of soldiers.

I am directed by the justices of the Inferior Court of this County, to inform you that it is impossible to comply with the requirements of the resolution as to the amount necessary, as we cannot tell what will be the cost of the canvas. The number of families who participate in the fund appropriated by the State is one hundred and sixty-five, and the yarn greatly needed, if they could get but one block to the family it would be a great relief, but more is needed, even two blocks to the family would not be too much if it can be obtained upon reasonable terms.

Very Respectfully,

The undersigned justices of the Inferior Court for said County, in Accordance with a resolution of the General Assembly April 15th, 1863, hereby report to your Excellency that we have on our list of needy soldiers families about three hundred and fifty (350) families. We can not report as seems to be contemplated by the second resolution the amount of money it will be necessary to divert from the fund for their relief to purchase thread. But we think that we ought to have an average of 2 or 3 bunches for each of these small families. Could have 1 or 2 bunches for families that have less. There being greater deficit of thread in our County than any thing else, we report to your Excellency for one thousand bunches and that your Excellency, under said Resolution divert sufficient of the Balance of the 2/3 Million appropriation due the County, to pay for that amount of thread for us. If the same can be had, if not then as much as we can get of the 1000 bunches Respectfully submitted

That spun yarn is in equal demand with bread. There are three hundred and forty families in Jackson County that we think to be destitute of the means to procure spun yarn. They being soldiers, widows, and widows, just for the reason that they have nothing to buy yarn with in the shape of money, and for a second reason our cotton factories will not sell yarn to any person, except for provisions. This again departs the soldiers, widows, and widows, if the yarn, you will send to our County. Three hundred and fifty BUNDLES OF COTTON are assembled in compliance with the resolution, and you will much obligate me,

Governor Brown,
My Dear sir,

At the request of Mr. Pugh, of this County, I send you a brief statement of his commission to date 5th July 1863. Mr. Pugh has a commission as Burnet Ensign of the 12th August 1863, bearing date 5th July 1863, signed by your Adjutant and Col. of Contra-

A. With this note, addressed at Mr. Pugh's request, who has been made a tenant by his wife (who now, I am sure, you last at Millholland) that you again to know of his commission to begin, you will pay to him 16. I don't say you are greatly wounded with these things, but when it is for a Chief and worthy a citizen, as I know Pugh is, we can afford to put up with some annoyances. Every one for bearing the blame, at the close of this subject, written note, to express my gratification at your Candidacy for a seat, and to assure you that I think it gives me most unmixed satisfaction. I am well accorded with the late President.
Our election, which threatens Caney, in a doubt, will be one of the highest tributes ever paid to my name, and will be especially gratifying to your numerous friends. And, out of the Army, may lend you with wisdom and spirit for the present great emergency in my situation as it is of the essence of the Country.
