The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.

INTRODUCTION

The 1925 edition of the Albany City Directory is herewith presented to patrons. The publishers feel assured that the work affords a complete and comprehensive epitome of the diversified interests and activities of the city—civic, social, commercial and industrial.

In the present volume all of the essential features contained in previous issues have been retained and amplified and improvements added as suggested by experience, in order to add to the value and usefulness of the Directory.

The publishers enjoy the prestige and advantage of a complete organization and thorough system essential in the production of Directories, and the additional advantage of having the courteous co-operation of citizens in furnishing information. These factors added to the liberal support of patrons as shown by the advertisements displayed upon the printed page were vital to the success of the publication.

The several essential departments of the Directory are set forth in the order following:

THE MISCELLANEOUS DEPARTMENT, pages 13 to 20, include data concerning State, city and county Officials, public and private institutions, banks, cemeteries, churches, clubs, courts, hospitals and homes, libraries, parks, schools, public buildings and secret societies.

THE BUYERS' GUIDE, pages 25 to 32 contains the advertisements of the leading and progressive business men and concerns, alphabetically arranged under headings adapted to the class of business conducted. This feature is printed on tinted paper. This is a new feature in this Directory.

THE ALPHABETICAL LIST OF NAMES OF CITIZENS, business firms and corporations is embraced in pages 33 to 204.

THE STREET GUIDE AND DIRECTORY OF HOUSEHOLDERS extends from page 205 to 238.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 239 to 256, and shows the various manufacturing, mercantile and professional occupations, compiled under headings appropriate to the class of business pursued. This department will be appreciated as a special trade list. The Directory is the common intermediary between buyer and seller.
The City of Albany is located in the heart of southwest Georgia, at the head of navigation of the Flint river and is on the Dixie Highway and the Florida Short Route Highway, and the Old Indian Trails Highway. The Dixie Highway is paved its entire length through the county, a distance of 14 miles. Through passenger service on seven lines of railways gives Albany direct connection with the East and Middle West and with the Atlantic and Gulf Seaboard. Hundreds of traveling men make Albany their headquarters, which is largely due to these excellent facilities. Two modern fireproof hotels were built in 1925.

**ALBANY'S BUSINESS LIFE**

Albany manufactures cotton goods; fertilizers; brick, cotton seed products, hydro-electric power, lumber, sash, doors and blinds, hardwood products, cigars, soft drinks, peanut and pecan products, ice cream, ice, bread, canned goods, candy, foundry products, peanut planting and harvesting machinery, shuttle blocks, crates and boxes, automobile machinery, screen doors and windows, hog cholera serum and other biologics, bread and cakes, cars and locomotives, books and stationery, stock feed, meal, tombstones and roofing.

Albany jobs dry goods, farm machinery, mill supplies, hardware, auto accessories, cigars, groceries, mules and horses, ice, printing, buggies and wagons, cotton seed products, oil, furniture, automobiles, stock feed, drugs, paint, produce, millinery, paper, bagging and ties, electric supplies, builders’ supplies, lumber, packing house products, pecans, peanuts, candy, cut flowers and greenhouse products, pecan nursery stock, crackers, breads and cakes, flour, guano, brick, fruit. It is the distributing center for its territory of four of the leading American automobile tire manufacturing companies.

**CLIMATE**

Albany’s temperature and precipitation by seasons, average taken for twenty-two years is as follows: Mean temperature, Winter months 50.1 degrees, Spring months 67.6 degrees, Summer months 82.01 degrees, Autumn months 64.3 degrees; average for year 66.8 degrees. Mean precipitation: Winter Months 13.27 inches, Spring months 13.24 inches, Summer months 16.12 inches, Autumn months 7.65 inches. Heaviest precipitation occurs during the Summer months when it is most needed.
INTRODUCTION

REAL ESTATE

As Albany has grown, real estate values have increased. Remarkable instances of increase of value of central property are recorded. There is ample room for the extension of the residential section. Several subdivisions are now under way of completion. The Majority of city property is owned by local people. Large farm tracts have been bought by individual companies and are being developed.

PUBLIC UTILITIES

Albany owns her waterworks system, the electric light and gas plant, abattoir and auditorium theatre. The city secures its water supply from artesian wells, the best and purest water in the world. There are deep wells on all farms hereabout and to this fact is attributed the excellent health of our rural population as well as our own.

MANUFACTURING SITES

Albany offers exceptional advantages for manufacturing enterprises. Cheap sites for industrial plants can be secured, while an abundance of hydro-electric power at reasonable rates is a great factor in lessening the cost of production. Being the distributing center of a large and prosperous territory and enjoying splendid transportation facilities Albany is the ideal location for factories and manufacturing plants. Raw material for a variety of manufacturing products are within easy access.

SCHOOLS

Albany is justly proud of her school system, with trained and experienced teachers, 3,500 pupils enrolled annually, four modern and commodious grammar school buildings recently completed, selective courses in the High school leading to graduation, including the literary, scientific, general, domestic arts and commercial, a laboratory adequately equipped for High school science, our school facilities compare favorably with those of any city in the State. One of the finest High School buildings in the state was completed in 1925. Albany is the home of the Georgia Chautauqua (the original Chautauqua of the South) founded thirty years ago.

AMUSEMENTS

Albany is the amusement center of South Georgia. Patrons of their magnificent theatre enjoy the same attractions as Atlanta, Savannah and other cities many times the size of Albany. This city has beautiful parks, country club, golf links, fine automobile roads and League ball club. The famous Blue Springs situated three and one-half miles from Albany on the Dixie Highway, is one of the finest pleasure resorts in the South. Among the attractions offered at this popular resort are bathing, boating, dancing, bowling, roller skating, etc. While its cafe is famous all over the country for its old fashioned southern cooking and Georgia barbecue.
INTRODUCTION

RAILROADS

The railroad systems entering Albany are: Central of Georgia, Seaboard Air Line, Atlantic Coast Line, Georgia Southwestern and Gulf and Georgia Northern, with their branch connections. Forty passenger trains run in and out of the city daily. Albany is the largest fruit center in South Georgia. The Central of Georgia and Georgia Southwestern maintain shops here. In Albany's trade territory there are 298 miles of railroads.

THE FAIR

Albany is the home of the Albany-South Georgia Fair, the third largest in the state; this splendid plant, built in 1919 at a cost of $100,000 is, in many respects, the most complete and up-to-date exposition property in the south. Annual fairs are held featuring agriculture, live stock, manufacturing, the arts, the highest type of amusements, including horse racing, auto racing, magnificent free acts, fire works, midway, etc.

AGRICULTURE

Albany is the center of that part of Georgia in which is produced a greater variety of valuable crops than in any section of similar area in the United States. The principal farm products are cotton, corn, hay, oats, peanuts, watermelons, tobacco, peaches, sweet potatoes, cantaloupes, pecans, vegetables and hogs. Modern and up-to-date stock yards afford a year-round market for hogs and cattle. Farm lands are advancing very rapidly in price, owing largely to the rich yields of pecan groves, for which the soil in this section seems to be perfectly suited. Excellent sand, clay and paved roads afford exceptionally fine avenues for travel for the farmers.

CIVIC, COMMERCIAL AND INDUSTRIAL STATISTICS CONCERNING ALBANY

(Furnished by Albany Chamber of Commerce)

Population, Federal census 1923, 15,000, present estimate 16,000; area of city 3.79 square miles; altitude 210 feet above sea level, assessed valuation (1921) $9,693,031.74; bonded debt $505,000; tax rate $19.00 per $1,000; miles of streets 36.63; miles of paving 3.4; miles of public sewers 23.45; miles gas mains laid 10; parks and parkways 5, acreage 275.37, value $110,000; water works: capacity 724,000 gallons, daily average number of gallons pumped 800,000 in winter, 1,250,000 in summer, miles of mains 25, value of plant $116,788.96; fire department: number of men 14, stations 1, autos 4, engines 1, hose and chemical wagons 2, hook and ladder trucks 1, value of buildings and lots $40,000, value of apparatus $52,183.00; police department: number of men 15, stations 1; public schools: number 6, teachers 60, pupils 2,500, value of property $200,000; other schools: kindergarten 1, state normal school (colored) and 2 small private schools; books in public library 7,300; post office receipts (1924)
$92,183.88; banks and trust companies 4, average deposits (1925) $4,000,000; theatres 3; hospitals 1; hotels 4; factories 51, operatives 2,200, wages paid annually $2,000,000, value of annual output $10,000,000.

THE ALBANY CHAMBER OF COMMERCE

The Albany Chamber of Commerce is a live organization which has had much to do with the progress of the city and is responsible for many of its more modern tendencies. It is representative of the commercial, professional and manufacturing interests of the city and had its inception in a desire to promote their growth in home building, in manufacturing industries, in civic improvement and in commercial importance. Since such inception this organization has been behind every forward movement for community betterment and it has achieved success in extending the commercial interests of the city. One of its principal purposes is to bring the citizens of the community together in real co-operative effort to comprise all differences of effort and to work harmoniously for community advancement.

MUNICIPAL PUBLICITY

Advertising Albany

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site and as an educational center. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country the publishers place copies of this issue of the Directory in Directory Libraries which are maintained in all the larger cities of the country, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Albany for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves and their friends for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.
